why does the library need to be moved. (is it so the corner house is just yet another building left empty or turned into a house) - wheres the sports and social club in your? why it it a separate venture, where else do the children have to go? why are people not thinking about these things. its all based on older peoples ideas and not what we need as a town.we need places for the younger ones to go and keep them out of trouble not somewhere for an antique fair .why more leading questions	Car Park/objection

The Sports & Social Club should be included within the Charlbury COMMUNITY Centre. After more than 20 years waiting for this, it is pretty poor that this the Sports and Social Club is not part of the plan.	Sports & Social Club	
Though the Sports and Social Club is described above as "separate", its fate is very much affected by the Community Centre venture. The SSC should have been an integral part of the CCC planning!	Sports & Social Club
